WELCOME: Dave Johnson- President

Motion to Approve the March 17<sup>th</sup>, 2010 minutes,  
Chris Swenson, 2<sup>nd</sup> Charlie Powell, Unanimously  
approved..

President, Dave Johnson, welcomed everyone in attendance, he reminded everyone to fill out and turn in their 2010 membership renewals, and then mentioned the upcoming Aspen Grove Conference in May. Those present broke for lunch and Dave turned the time over to Gil Hays, Utah County.

Gil introduced today's speakers, Mike O'Donnell and John Roberts from USG.

The presentation on *Suspended Ceilings* was great and current handouts were plentiful. If you weren't in attendance you missed out on a great class--thanks much to both Gil Hays and the USG Reps.

Pleasant Grove is in charge of the presentation for June and Dave Houston has scheduled Chris Kimball, P.E., to give us a class on the following interesting *topic--In Field Engineering Approval By Inspectors*.

\*\*\* Bulletin \*\*\*

**The following handouts from USG are attached in PDF Format to the minutes  
ESR-1222 Report, USG Seismic Technical Guides on Expansion Joints & Seismic Clips!!**

\*\*\* Bulletin \*\*\*

The next meeting is Wednesday, June 16, 2010 at Orem City, rooms #106/107.
