

BEEHIVE CHAPTER MEETING

March 18, 2009 Minutes:

Dave Johnson X
Skip Tandy X
Bruce Palmer X

Chris Swenson X
Charlie Powell X
Paul Ashby _

Gary Hoglund X
Doug Fallon X
Kent Partridge X

WELCOME: Dave Johnson- President Motion to Approve the January 2009 minutes,
Chris Swenson, 2nd, Bruce Palmer

Dave welcomed everyone in attendance, approximately 35 of us, expressed appreciation to everyone for their continued hard work in their respective jurisdictions and for their unflagging support of the Beehive Chapter. He turned the time over to Gary Smith, Lehi Inspector to introduce today's speaker.

Gary introduced Dan McCulloch, Logix representative, who addressed us on the subject of Insulated Concrete Forms (ICF). ICF uses a combination of concrete and polystyrene to form the foundation walls that have great insulative properties. It was an excellent presentation and attached to your emailed minutes are a couple of articles on ICF. Dan can be reached at the following email address: www.logix.icf.com .

Bruce Gunn spoke for a couple of minutes on Senate Bill #211. Each of you should have received the emails I forwarded from Roger Evans, Park City, concerning this bill and its potential ramifications for the upcoming code cycle.

2009 SCHEDULE OF CLASSES

DATE	JURISDICTION	CLASS
April 15 th	Tooele	Open Forum, Dave Gillette to lead discussion...
