WELCOME: Dave Johnson- President

Motion to Approve the July 15<sup>th</sup> & August 19<sup>th</sup>  
2009 minutes, Charlie Powell, 2<sup>nd</sup> Chris Swenson,  
Unanimously approved..

President, Dave Johnson, welcomed everyone in attendance and turned the time over to Chris Kimball, P.E., for a few minutes. Chris has made some drawings that each jurisdiction can use for *Residential Site Retaining Walls* and *Residential Accessory Structures*. Copies of these were handed out at the meeting and then sent to everyone via PDF's in an email from Skip Tandy, Secretary--if you didn't receive one contact Skip. A short discussion ensued for each topic.

Following these discussions Dave introduced Jeff Atkinson, Utah Valley Home Builders Association. He spoke to us on *Green Building*.

Jeff gave a great power point presentation *and explained in detail how tough it is to attain some of the high standards set by the Green Building Committees*. Attached to these minutes is a fourteen (14) page color presentation on *Green Building* that Skip got from the National Home Builders Association.

Next meeting is Wednesday, October 21<sup>st</sup> --Dr. Dave Busche, Hoover Company, will be speaking on Fire Treated Lumber. Also please be aware and mark on your calendars the Beehive chapter Annual Business Meeting. All attendees to the Beehive Chapter Annual Business Meeting, to be held at Cabelas, December 9, 2009, will receive a \$20.00 gift certificate to Cabelas, so mark this date on your calendar, now!
