

Presidency Minutes for Beehive Chapter
June 15, 2011

Gary Pugmire said he thought vendor area worked out well at training. He suggested we send out our agenda to the board early for additions/deletions.

We discussed getting out vendor invitations with good lead time like 60 days. This year we will try to have rough draft by November and add to the list of those invited since we have a bigger space.

Discussed sending out member list via email to show who hasn't renewed and also sending out notification to trainees what classes they are registered for just before training week.

Last item, we need to start our Pres. Meeting by 11:00 to give us enough time to discuss all business before chapter meeting.

Adjourned

Main meeting:

Kent Partridge - Welcome

Acceptance of the April Minutes

Motion – Jim Yoman

Second – James Anderson

Speaker – Nestor Gallo of American Fork City Engineering

Topic – Site treatment for Storm water protection.

A lot of material, informative and good participation.
(I'm including a copy of his power point presentation)

Next month is BMC Truss – Bring questions regarding trusses.

Motion to adjourn: Chris Swenson

Second : Doug Fallon
